Fabric

COM (Customer's Own Material)
fabric required: .6 yard per chair

Note: Fabric amount is estimated on 54" (137 cm) wide material. The actual amount required may vary depending on special pattern matching and the width of the material.

Wood

Species: 100% European Beech
Hardwood (uniform layers inside and out)

Legs: Made of 25 plys to a finished thickness of 1 - 1/16".

Seat and Back: Made of 7 plys to a finished thickness of 7/16", one piece shell, upholstered.

Cushion Foam: High density foam

Stain Colors:

A wide range of standard stain colours is available as well as custom colour matching. (A surcharge will apply to custom colours).

9-Step Finishing Process:

1. The bare wood of the assembled product is thoroughly sanded using 100 grit paper.
2. One coat of stain is sprayed onto the entire product.
3. The stain is hand wiped to ensure an even colour and maximum penetration into the wood.
4. The product is inspected and any necessary adjustments made.
5. One coat of a catalyzed sealer is sprayed onto all wood parts to completely seal the wood.
6. Once dry, the sealer is sanded using 280 grit paper.
7. A final sanding is done using Scotch Brite pads to remove any sanding marks.
8. A catalyzed lacquer is sprayed on. This lacquer is very durable and will stand up in a commercial environment.
9. A final inspection is performed prior to packaging to ensure a high level of quality control.

Note: Specifications are subject to change without notice.
